Subject: NCAGE Address Validation Appeal - NCAGE: STLX0 / UEI: RKCQQ94X66D5

Dear DLA Customer Interaction Center and NCAGE Review Team,

I hope this correspondence finds you well.

I am writing to formally request a manual compliance review and database alignment for our international entity registration. Our registration package was recently returned due to an address mismatch discrepancy between the NATO Commercial and Government Entity (NCAGE) master record and the incoming SAM.gov data payload.

An analysis of our record reveals that our core data is completely correct, but a technical 50-character field limitation within the outbound data transfer pipeline limits our physical address string and omits our administrative province and postal code fields during transmission.

Entity Validation References:

- **Legal Business Name:** INTAEROBASE
- **Unique Entity ID (UEI):** RKCQQ94X66D5
- **NCAGE Code:** STLX0 (Status: Active / A)
- **Country of Registration:** Pakistan

Data Discrepancy Reconciliation: As verified in the automated return notice, our master registration profile on the NATO (NSPA) portal reflects our true, un-abbreviated physical business location. The automated outbound payload currently encounters a character limit after the 50th position:

- **Official NATO (NSPA) Master Record Address:** SUITE NO. 3, GULSHAN-E-DASTAGIR ZC-9, BLOCK-7, GULSHAN-E-IQBAL, KARACHI, SINDH, 75300
- **SAM.gov Truncated Payload Received by DLA:** SUITE NO. 3, GULSHAN-E-DASTAGIR ZC-9, BLOCK-7, GULSHAN- (Province and Postal Code transmitted as blank)

Regulatory and Compliance Necessity: As a defense and aerospace service contractor operating out of Karachi, maintaining absolute, character-for-character data integrity across all global federal platforms is mandatory for our licensing, aviation compliance tracking, and financial auditability. We are legally unable to truncate or use non-standard abbreviations on our official business registration, as doing so would invalidate our alignment with our Federal Board of Revenue (FBR) tax filings and our notarized legal instruments.

Requested Action: We respectfully request that a DLA validation analyst examine the comprehensive evidence portfolio attached to this email and perform a manual database override to align the transmitted SAM.gov fields with our active NATO NSPA master record character-for-character. This will allow our registration to proceed smoothly through the validation queue.

Attached Evidence Portfolio:

1. **Attachment_1_NATO_NSPA_Profile_STLX0.pdf:** Verifies our active master international registration showing our full legal address.
2. **Attachment_2_Government_Pakistan_FBR_NTN.pdf:** Official Federal Board of Revenue (FBR) National Tax Number (NTN) Certificate for Intaerobase.
3. **Attachment_3_Notarized_Entity_Administrator_Letter.pdf:** Certified Entity Administrator Appointment Letter executed on Sindh legal e-stamp paper.
4. **Attachment_4_SAM_Entity_Registration_email15.pdf:** DLA Official Discrepancy Notice showing the truncation point.
5. **Attachment_5_SAM_Status.pdf:** Real-Time SAM Tracker confirming the registration is in "Processing" status.
6. **Attachment_6_FSD_Correction_INC-GSAFSD21105627_03.pdf:** Previous FSD record confirming front-end database alignment verification.

- 7. **Attachment_7_FSD_Correction_INC-GSAFSD21112377.pdf:** Open FSD incident history tracking this technical data field alignment.
- 8. **Attachment_8_SAM_SUBMIT_Review1.pdf:** Registration review document proving full, untruncated address entry on the portal prior to submission.
- 9. **Attachment_9_SAM_SUBMIT_Review2.pdf:** Certified Federal Acquisition Regulation (FAR) representations.
- 10. **Attachment_10_SAM_SUBMIT_Review3.pdf:** Official submission execution screen and legal certifications.
- 11. **Attachment_11_SAM_SUBMIT_Review4.pdf:** Official "Entity Registration Submitted" final confirmation page.

Thank you very much for your time, technical assistance, and support in establishing our bilateral contracting data pipeline. I remain available for any further verification required.

Highest professional regards,

Hafiz Faisal Farooq OWNER | INTAEROBASE admin@intaerobase.com Karachi, Sindh, Pakistan
