Subject: Action Required: Manual Address Override for CAGE Code STLX0 / SAM.gov UEI RKCQQ94X66D5 [Case CS2439900]

Dear DLA CAGE Validation Team,

I am writing regarding my entity registration for **INTAEROBASE**, which has just been returned to "Work in Progress" status due to an automated CAGE code validation failure ("Invalid physical address does not match NCB data").

Per the resolution instructions provided by DLA Analyst KMS0295 in Case **CS2439900**, I have successfully resubmitted our entity registration for **INTAEROBASE** in SAM.gov.

Our registration status has now moved from "Work in Progress" back into "**Submitted**" status on the SAM.gov backend.

As noted by your analyst, our physical address matches perfectly between SAM.gov and the NATO NSPA database.

The system's automated character-matching filter is rejecting the alignment because of the length and formatting constraints of my international address in Karachi, Pakistan. I require a **manual administrative override** to align the databases.

To resolve this issue immediately, please manually process my validation using the exact, official data layout registered with the NATO Support and Procurement Agency (NSPA) and the Pakistan Federal Board of Revenue (FBR):

- **Legal Business Name:** INTAEROBASE
- **SAM.gov UEI:** RKCQQ94X66D5
- **NCAGE Code:** STLX0
- **Official Physical Address (as recorded in NATO/NCB data):**

**SUITE NO. 3, GULSHAN-E-DASTAGIR ZC-9, BLOCK-7, GULSHAN-E-IQBAL
KARACHI, SINDH 75300
PAKISTAN**

- **City:** Karachi
- **State/Province:** Sindh
- **Country:** Pakistan
- **Business Tax ID (Foreign TIN) FBR :** 4220148367751

Action Requested: Please use your administrative access to manually validate the physical address for NCAGE Code **STLX0** against our active SAM.gov payload, overriding the automated character-matching loop.

I have attached our official NATO NSPA Entity Profile, our Government of Pakistan FBR National Tax Number (NTN) Certificate and Certified Entity Administrator Appointment Letter executed on Sindh legal e-stamp paper. to this email to verify our physical address structure.

Thank you for your immediate assistance in resolving this manual data alignment.

Sincerely,

Hafiz Faisal Farooq

Entity Administrator, INTAEROBASE admin@intaerobase.com
