Subject: URGENT: Manual Address Correction for CAGE STLX0 / UEI RKCQ94X66D5

Description:

I am requesting a manual intervention to resolve an "Invalid Physical Address" rejection (Error: Does not match NCB data).

My SAM.gov registration is being auto-truncated by the system, which causes the Province (SINDH) and Postal Code (75300) to be deleted in the backend database. This creates an artificial mismatch with my NSPA record.

My official NSPA/NCAGE address is:
SUITE NO. 3, GULSHAN-E-DASTAGIR ZC-9,
BLOCK-7, GULSHAN-E-IQBAL, KARACHI,
SINDH, 75300, PAKISTAN

Please manually override the address in my SAM.gov registration to match the NSPA record exactly so my CAGE code can be validated and my registration can move to 'Active' status. I have attached my NCAGE NSPA data for your reference.

Hello,

We did not find your entity in our records therefore we created a new record for your entity based on the documentation you sent us. You need to take action to finish your registration or get your Unique Entity ID.

ATTENTION: If you are unable to locate your entity when conducting your search in SAM.gov, it is likely because you are searching with a value in the 'Administrative Area / Region' and/or 'Postal Code' fields. Please refrain from placing a value in these fields, as our records do not support non-US and Canadian entities having values in the 'Administrative Area / Region' and/or 'Postal Code' fields. Additionally, please do not search using special characters (á, ã, ç, à, etc.) Once you search without a Region, Postal Code, or special characters, you should be able to locate your entity.

This is to clarify that in Pakistan, the Federal Board of Revenue (FBR) does not utilize the "L.L.C." suffix for legal business registrations. To ensure 100% compliance with U.S. validation requirements, I have taken the following actions:

NCAGE Alignment: I have updated NCAGE STLX0 to the legal name INTAEROBASE to match my government tax records. (Reference email Formal Response to Incident INC-GSAFSD21048020 – Entity Validation See attached NSPA confirmation).
