Hello AC,

Please disregard the previous mentions of the ID ending in 05; that was incorrect. The correct Unique Entity ID for my fresh registration draft is RKCQQ94X66D5 (ending in D5).

I have completely filled out all sections of this new application and performed the Division Name workaround steps exactly as requested. I have clicked SAVE & EXIT on the final review summary page and left the profile sitting as an active draft. I have NOT clicked final submit.

The draft for UEI RKCQQ94X66D5 is now ready for your manual address alignment on the backend. Thank you!

Response / Description
Hello,

I have followed your exact instructions and successfully performed the "system refresh" workaround using the Division Name field. My profile on SAM.gov now shows that all sections are "Complete," and I have stopped on the "Review & Submit" page without clicking the final submission button.

I have securely attached our completed International Entity Administrator Appointment Letter. It is officially printed on Sindh Government Rs. 200 Stamp Paper, physically signed by me, and completely executed by the Notary Public with active international law attestation seals.

Please review the attached document and manually align our SAM.gov record with our NSPA/NCAGE "STLX0" address so that we can safely finalize this registration.

Thank you,
Hafiz Faisal Farooq
Owner, Intaerobase

Please describe your issue
My entity 'Intaerobase' is experiencing automated validation failures due to address truncation in the SAM.gov backend. My official NSPA/NCAGE "STLX0" record requires this address:
SUITE NO. 3, GULSHAN-E-DASTAGIR ZC-9, BLOCK-7, GULSHAN-E-IQBAL, KARACHI, SINDH, 75300 PAKISTAN

The system is currently truncating this information, causing an automated mismatch. I have attached the fully signed International Entity Administrator Appointment Letter printed on official government stamp paper and certified by a Notary Public with international law attestation seals to resolve this validation hold.

Please manually align my SAM.gov entity record with the NSPA data provided in the link
<https://eportal.nspa.nato.int/Codification/CageTool/cage-view/STLX0> so that I can proceed with 'I recognize my entity' and finalize my registration.

Please ensure that this record includes the full, un-truncated address as follows:

Entity Name: Intaerobase

Address: SUITE NO. 3, GULSHAN-E-DASTAGIR ZC-9, BLOCK-7, GULSHAN-E-IQBAL

City: Karachi

State/Province: SINDH

Please follow the steps below.

Log in to SAM.gov.
Navigate to the Workspace and find the Work in Progress version.
Select Update in the CAGE failure box.
Enter the required relationship to the entity.
Confirm the business name (if correct).
Go to the Business Information module and click Start.
In the Division Name (Optional) field, enter "NA", then Save and Continue.
Re-do Step: Go back to that same page (click Previous), remove the "NA", and save/continue again. This acts as a system refresh.
Save and continue through the remaining modules until a "business information complete" message appears.
Respond to the email/ticket as instructed (do not click "Submit" until told)
